EB-2155W

Offering excellent brightness to deliver perfect presentations with Gesture Presenter and intuitive easy to use features.

Our super-bright new business projector offers an outstanding brightness of 5,000 lumens. The EB-2155W is designed to project a scalable image size of up to 300 inches, and offers connectivity options such as dual HDMI and stream and share wireless features using Epson's Multi-PC projection or the Epson iProjection App.

Up to 300-inch display and outstanding quality
Full HD resolution combined with Epson's 3LCD technology ensures high-quality content has more vivid colours and brighter images. HDMI connectivity guarantees sharper and clearer presentation delivered on a scalable image size of up to 300 inches.

Simple setup and connectivity
The EB-2155W offers stream and share wireless LAN connectivity using Epson's Multi-PC projection or the Epson iProjection App, as well as two HDMI connections. Setup is easy too, thanks to features including auto-power-on, focus help, keystone correction and screen fit - allowing the user to delivery presentations quickly and effectively.

Keep costs down
Project for longer with improved reliability and a longer lamp life of up to 10,000 hours in eco mode.

Home screen
The home screen offers quick and easy access to a variety of useful functions, such as connection sources. Wireless connections can also be made easily using the information on screen.

Gesture Presenter
Change slides by simply moving your hand, making even smarter presentations a reality by liberating the user from their remote control or mouse.

Value add flexibility
The Multi-PC projection software bundled with the EB-2155W makes it possible to connect with up to 50 computers and partition the screen for split-screen projection capability - offering far better cost-effectiveness and flexibility than a flat-panel display.
