

## 4-Port Portable USB 2.0 Hub with Built-in Cable

**Product ID:** ST4200MINI2

Here's a simple and cost-effective way to expand your computer's connectivity by adding extra USB ports. This 4-port USB hub turns a single USB connection into four connections and features a compact, USB-powered design that makes it perfect for travel. The hub also features a small-footprint housing, which means it takes up less desk space.

With its compact and lightweight design, this 4-port USB hub is tailored for mobility. You can easily tuck it into your laptop bag when traveling, which makes it easy to expand your connection options almost anywhere you need to. It's perfect for connecting common USB devices such as a mouse, keyboard, or flash drive, right when you need them.

This versatile hub features a built-in USB cable and is bus-powered, so it draws its power directly from your computer's USB port. This means there are fewer cables to carry with you when you travel because it doesn't need an external power adapter.

With all four USB 2.0 ports on one side, this hub makes it easier to access ports to connect or disconnect devices.

This universal USB 2.0 hub will work with a wide range of computers, because it requires no additional software or drivers. It installs automatically when you connect it to your laptop or desktop, so you can be up and running quickly. It also works with a range of operating systems such as Windows, Mac, Linux and Chrome OS, so it's multi-platform compatible.

The ST4200MINI2 is backed by a StarTech.com 2-year warranty and free lifetime technical support.

### Certifications, Reports and Compatibility

## Applications

- Carry the hub with you while you're traveling, and connect your USB devices wherever you go
- Deploy at home, in the office, or in hot-desk environments to provide USB hub access for multiple devices
- Make hard-to-reach USB ports more accessible
- Connect larger USB plugs to your computer

## Features

- Compact, lightweight housing with a small-footprint design for travel or desktop placement
- Four USB 2.0 ports (up to 480Mbps throughput)
- USB bus-powered and features a built-in cable, so you can carry the hub with you anywhere
- Universal, multi-platform compatible with fast, easy installation, and native support in most operating systems (Windows, Mac, Chrome OS, Linux)
- Convenient port layout on one side for easy port access when connecting or disconnecting devices
- Offers plug-and-play installation, and supports hot-swapping or hot-plugging

### Hardware

Warranty	2 Years
Ports	4
Interface	USB 2.0
Bus Type	USB 2.0
	USB 2.0
Industry Standards	USB 2.0

---

### Performance

Total USB Power Output	500mA
Maximum Data Transfer Rate	480 Mbps

Type and Rate USB 2.0 - 480 Mbit/s

UASP Support No

MTBF 147,132 hours

---

**Connector(s)**

Connector Type(s) 4 - USB 2.0 Type-A (4 pin, 480Mbps)

1 - USB 2.0 Type-A (4 pin, 480Mbps)

---

**Software**

OS Compatibility OS Independent; No additional drivers or software required

---

**Special Notes / Requirements**

System and Cable Requirements Available USB Type-A port - USB 2.0 (480Mbps)

---

**Power**

Power Source USB-Powered

Input Voltage 5V DC

Output Voltage 5 DC

---

**Environmental**

Operating Temperature 0C to 40C (32F to 104F)

Storage Temperature -10C to 70C (14F to 158F)

Humidity 0~90% RH (Non-condensing)

---

**Physical Characteristics**

Color Black & Silver

Material Plastic

Cable Length 6.1 in [155 mm]

Product Length 3.2 in [82 mm]

Product Width 1.1 in [2.7 cm]

Product Height 0.6 in [1.5 cm]

Weight of Product	1.2 oz [33 g]
-------------------	---------------

---

**Packaging Information**

Package Quantity	1
Package Length	5.6 in [14.3 cm]
Package Width	6.9 in [17.4 cm]
Package Height	1.3 in [3.3 cm]
Shipping (Package) Weight	4.0 oz [112.0 g]

---

**What's in the Box**

Included in Package	1 - USB 2.0 hub
