

IMPORTANT FOR SETUP THE CSV-1537:

This product has an advanced feature, the switch, which it can be adjusted to fit with your best interest or the system limitation.

Instruction for switching

1. Power off the system or disconnect the product from the system
2. Change the switch setting
3. Power on the system or reconnect the product to the system

The product may or may not work as you expected if you do the dynamic switching without power off the system and/or disconnect and reconnect the product.
