

# EB-1785W

## DATASHEET

HD-ready, intelligent ultra-mobile WXGA projector for on-the-go business users, combining superb image quality, easy set-up and true portability.

This ultra-mobile projector offers an ultra-slim lightweight design, exceptional image quality and advanced functionality, making it perfect for people who are constantly on the move and frequently make presentations at customer sites. With traditional wired and built-in wireless connectivity, screen mirroring, time-saving set-up plus a range of advanced features, it's ideal for polished presentations.

### Exceptional image quality

Enjoy superb image quality, impressive natural colours with an equally high white and colour light output of 3,200 lumens thanks to Epson's 3LCD technology. True Colours technology delivers a faithful reproduction of colours as they are meant to be and, with a 10,000:1 contrast ratio, projected images are crisp and clear.

### Easy set-up

Automatic vertical and horizontal keystone correction and Screen Fit makes it easy to set up the projector almost anywhere. The short throw ratio projects a large image from a shorter distance so that all meeting participants can be seated behind the projector as the front exhaust directs heat away from them. Auto Power On turns the projector on when it detects signal input, and NFC makes it easy to connect to mobile devices using the built-in Wi-Fi connectivity.

## KEY FEATURES

- **Exceptional image quality**  
Equally high white and colour light output of 3,200 lumens
- **Gesture Presenter**  
Advance through a presentation directly with your hands
- **Horizontal and Vertical Keystone correction**  
Slides and images can be aligned and distortion corrected
- **Wireless connectivity & screen mirroring**  
NFC makes it easy to connect or the projector wirelessly
- **Lightweight & ultra-slim form factor**  
Fits in the same bag as a laptop computer

**EPSON®**  
EXCEED YOUR VISION
