**Philips Series 2000i
Air Purifier**

Reduces allergens, gases, odor

Captures 99.97% of particles
App connected
Ideal for medium to large room

AC2889/10

Intelligent purification

Connect to cleaner air

Purifier Series 2000i automatically monitors and purifies the air - then gives real-time air quality feedback via the display and connected App. Also use the App for outdoor air quality and allergy management advice. Ideal for living room.

Superior purification
- Reduces allergens, gases, odors
- Captures 99.97% of particles that pass through the filter

Intelligent purification
- Automatically monitors, reacts & purifies the air
- Visualized air quality feedback
- Unique allergen mode
- 3 auto modes & 5 manual settings, incl. quiet sleep setting

With Air Quality App
- Control purifier from anywher
- Track indoor and outdoor air quality
- Allergen management advice

### Long-lasting performance
- Ideal for medium to large rooms

PHILIPS

Highlights

Superior purification

With cutting edge sensing and purification technology, the Philips Air Purifier Series 2000 is proven to reduce allergens, odors, VOCs and even certain bacteria. The pre-filter and True HEPA filter remove particles. The Active Carbon filter reduces gases and odors.

99.97% filtration

99.97%

Designed with a multi-stage active filtration system, which captures up to 99.97% of particles that pass through the filter as small as 0.3 microns – the size of most common airborne allergens, particles, bacteria and viruses.
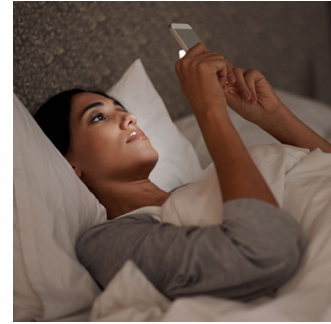

AeraSense technology

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously monitors the air and automatically adjusts the fan speed when it detects a change in particles.

Visualized air quality

In real-time, AeraSense shows you the air quality data via a numerical display and a color ring on the dashboard of the air purifier. The numerical display from 1-12 is an index of the indoor air quality, where 1 is good and 12 is polluted air. The color ring provides an additional visual cue, ranging from blue (good allergen & particle level) to red (bad allergen & particle level).

Remotely control purifier

Control your air purifier from anywhere with the connected App. Change the fan speed, set a schedule, or see your filter lifetime through the easy-to-use App.

Track your air quality

Use the App to check your indoor and outdoor air quality. The Air Purifier constantly feeds indoor air quality data to the App, which is then combined with outdoor pollution and pollen data to give you a complete picture of your air quality.

Allergen management advice

Based on the indoor and outdoor air quality levels, the App will give you advice to help you with your allergen management regimen.

Specifications

Performance
- Room size: 79 m²
- CADR (Smoke): 179 m³/h
- CADR (Dust): 198 m³/h
- CADR (Pollen): 211 m³/h
- 0.3µm particle removal: 99,97 %
- Ultra fine particle removal: 20 nm
- Recommended HEPA life time: 24 months
- Recommended AC life time: 12 months
- Sound Power: 32-64 dB(A)
- Sound Pressure: 20.5-52 dB

Features
- VitaShield IPS
- AeraSense technology
- Air Quality feedback: Numerical
- PM2.5 sensor
- Modes: 3 auto modes
- Aerodynamic design: 3 inlet
- Fan speed: 5 settings
- Healthy air lock & Alert
- Timer: 12 hour(s)
- Motor: DC

Design and finishing
- Color(s): White
- Color of control panel: Black 7 C

- Control panel type: Button
- Material of main body: ABS
- Material of deco ring: PMMA

Technical specifications
- Voltage: 110 V
- Frequency: 50-60 Hz
- Cord length: 1.8 m
- Power: 56 W

Weight and dimensions
- Weight of product: 7.7 kg
- Weight incl. packaging: 9.3 kg
- Dimension of product (LxWxH): 412*294*612 mm
- Dimension of packaging (LxWxH): 359*240*558 mm

Replacement
- Particle filter: 883442240540
- AC filter: 883442040540

Country of origin
- Made in: China

Sustainability
- Packaging: > 90% recycled materials
- User manual: 100% recycled paper
