Easy to Own

Convenient toner ordering and delivery

Industry-leading Dell service and support

Single point of accountability

Designed to support the higher printer volumes, the **Dell™ Workgroup Laser Printers S2500 and S2500n** deliver high quality, high volume and low total cost of printing for the workgroup environment. The Dell S2500n offers reliable networking functionality for small workgroups when multiple users need to share a printer.

With a sleek industrial design, the Dell S2500 and S2500n deliver fast printing with up to 22-page-per-minute (ppm) output for optimal productivity and 1200 Image Quality, 600 dpi for sharp, professional documents. Built to meet the workgroup needs, both printers offer a monthly duty cycle of 50,000 pages.

With both USB and parallel ports, the S2500 offers easy setup and installation. What's more, the Embedded Web Server in the S2500n enables you to install and configure your network printer quickly. There is no additional software to install, and the built-in security prevents unauthorized changes to your printer settings. Configure printers remotely to save time, and monitor consumables status so you never run out of supply. Both printers offer print capability for card stock, labels and transparencies for exceptional flexibility. The Dell Toner Management System™ monitors printer toner levels and proactively notifies you before you run out of toner.

The Dell Workgroup Laser Printer S2500 series delivers:

Outstanding Performance

- Fast printing, up to 22 ppm
- Sharp print quality, 1200 Image Quality, 600 dpi

*Approximate page yield is based on 5% coverage. **Use & Return cartridges are available for Dell's laser printers. Dell's Use & Return program is a printer toner cartridge discount program that avoids the hassle of traditional rebates. If you choose Use & Return, in exchange for the up-front discount you agree to use the cartridge only once, and to return the empty cartridge only to Dell for recycling. You don't have to choose Use & Return products if you want other recycling options. Use & Return saves you money on a new, top-quality product while helping keep materials out of landfills. Dell provides packaging and postage for returning empty cartridges for recycling.

250-sheet drawer standard, and you can add an additional 250-sheet drawer or 500-sheet drawer by simply stacking the printer on top of it.
