

MPN: KON504-10

Modular Plug RJ45 MP8P8C Cat5e

The MicroConnect KON504-10 Modular Plug is a high-quality CAT5e plug designed for reliable network connections. This 8P8C (8-Position, 8-Contact) plug is essential for creating custom length CAT5e cables, ensuring optimal data transmission speeds and consistent performance for your network. Built to European quality standards, the KON504-10 guarantees a secure and dependable connection, minimizing signal loss and maximizing network uptime. With over 20 years of expertise, MicroConnect delivers pioneering connectivity solutions, and these modular plugs are no exception, offering premium quality at a fair price. They're perfect for both professional installers and DIY enthusiasts seeking a robust and dependable solution for their networking needs.
