

Philips PowerPro Active
Bagless vacuum cleaner
with PowerCyclone 4
Technology

Energy efficiency class A

TriActive nozzle
Super Clean Air

FC9529/09

Full performance with PowerCyclone 4

Quick and easy emptying

The new Philips PowerPro Active bagless vacuum cleaner delivers top cleaning performance, thanks to PowerCyclone technology and TriActive nozzle, engineered to maximize dust pick-up. The dust container is easy to empty, with no dust cloud.

Remarkable cleaning results

- Energy efficiency class A
- PowerCyclone 4 technology separates dust and air in one go
- The TriActive nozzle applies 3 cleaning actions in one go

Clean air filter system

- Super Clean Air exhaust filter

Effortless cleaning

- Advanced dust container design for hygienic emptying
- ActiveLock couplings to easily adjust to each cleaning task
- Reach all corners thanks to the extra long ergonomic grip
- Soft brush integrated into handle, always ready to use
- Variable power setting

PHILIPS

Highlights

Energy efficiency class A

This vacuum cleaner is engineered to achieve full performance with an energy efficiency class A.

PowerCyclone 4 Technology

PowerCyclone 4 technology maximizes airflow and performance by separating dirt from air in one go. It delivers remarkable cleaning results through highly efficient steps: 1) Air enters fast into the PowerCyclone thanks to the straight and smooth air inlet. 2) The curved airpass quickly accelerates the air upwards in the cyclonic chamber to separate the dust from the air.

Easy to empty dust container

The dust container is carefully designed to dispose collected dirt without creating a dust cloud.

It is one-hand operated and thanks to its unique shape and smooth surface, you can easily control the emptying of the dust container.

Integrated soft brush

The vacuum cleaner is designed with a soft dusting brush, which is conveniently integrated in the handle of the appliance, always ready to use.

ActiveLock couplings

The ActiveLock couplings allow you to easily connect and disconnect the different nozzles and accessories from the telescopic tube while cleaning.

Extra long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra long design gives you farther reach, so you can easily clean hard to reach places.

Power control

The variable power setting allows you to select the optimal level of suction for the different types of surfaces you vacuum.

Super Clean Air exhaust filter

The Super Clean Air filter captures the finest dust before the air is blown out of the vacuum cleaner, for a dust-free home and clean, healthy air. The filter should be replaced once a year.

Specifications

Performance

- Energy efficiency rating: A
- Dust re-emission class: C
- Carpet cleaning class: D
- Hard floor cleaning class: E
- Airflow (max): 27,8 l/s
- Annual energy consumption: 28 kW h
- Input power (IEC): 750 W
- Sound power level: 78 dB
- Vacuum (max): 16,8 kPa

Usability

- Action radius: 9 m
- Carrying handle: Top and front
- Cord length: 6 m
- Tube type: Metal 2-piece telescopic tube
- Wheel type: Rubber
- Tube coupling: ActiveLock
- Power control: Electronic on appliance

Design

- Color: Magic purple

Filtration

- Dust capacity: 1,7 L
- Exhaust filter: Microfilter
- Motor filter: Super Clean Air

Nozzles and accessories

- Accessories included: Crevice tool, Integrated brush
- Accessory storage: On tubeclip
- Standard nozzle: TriActive nozzle

Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Weight and dimensions

- Dimensions of product (LxWxH): 473 x 304 x 301 mm
- Weight of product: 6 kg

Issue date 2016-11-23

Version: 2.0.1
