# PHILIPS

4G LTE Tablet  
8" HD IPS display 16 GB storage, Android OS

TLE821L/51

# Highlights

## Crisp HD screen

A crisp HD screen delivers brilliant crisp images and easy-to-read text. For an easy on the eyes experience.

## IPS display

With a crystal-clear IPS display, images and text look brilliant and clear from every angle.

## Android OS

Android is the customizable, easy to use operating system that powers more than a billion devices across the globe. Because it's so universal, Android works perfectly with your favorite apps. Android is also customized by you, for you. Put the stuff you care about right

on your home screen: the latest news, weather, or a stream of your recent photos.

## Google Play Store

Expand your experience. Enjoy millions of the latest Android apps, games, music, movies, TV, books, magazines & more. Anytime, from the Google Play Store.

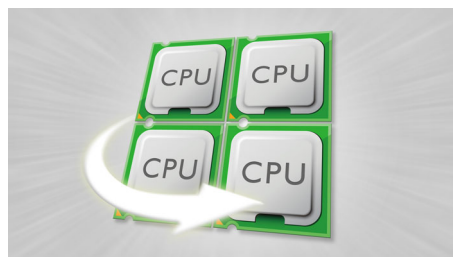

## Fast 4G LTE data

## 4G LTE

Integrated 4G LTE supports fast download speeds no matter the location of the 4G network.

## Quad-core performance

Your Philips tablet is even more powerful with its quad-core processor. This powerhouse

keeps up easily with your multitasking demands. Seamlessly load web pages and enjoy uninterrupted videos. Gaming is immersive with exceptional picture quality.

## Expandable storage

In addition to the included storage the Philips tablet offers flexibility to quickly expand your storage and easily swap out memory with a Micro SD card.

## Front and rear cameras

Engage in quality e-learning and video chats with a clear front of tablet camera for true-to-life experience.
