

MPN: PE14CEEAD

Power Adapter C14 - Schuko M-F

The PE14CEEAD Power Adapter seamlessly converts a C14 inlet to a Schuko (Type F) outlet, providing a reliable and convenient solution for connecting devices with different power plug types. This adapter is perfect for adapting devices with a C14 connector to standard European Schuko power outlets. Designed with premium materials, the adapter ensures secure and stable power transmission. MicroConnect brings over 20 years of expertise to this adapter, ensuring it meets strict European quality standards. This adapter is a versatile addition to any toolkit, making it easy to connect various electronic devices in different environments.

Specifications

Features	AC input voltage	230 V
