Intelligent purification

Connect to cleaner air

With professional-grade sensing performance, the Philips Air Purifier Series 1000i automatically monitors, reacts and purifies the air – then gives real-time air quality feedback via the display and connected app. Also use the App for outdoor air quality and allergen management advice. Ideal for bedrooms, with quiet night sense auto-mode.

Superior purification

- Captures 99.97% of particles that pass through the filter
- Reduces allergens, gases, odors

Intelligent purification

- Visualized air quality feedback
- 3 auto modes: General, Allergen, and night sense
- 4 manual settings, including turbo speed
- Automatically monitors, reacts & purifies the air

With Air Quality app

- Control purifier from anywhere
- Track indoor and outdoor air quality
- Allergen management advice

Long-lasting performance

- Ideal for small to medium rooms

PHILIPS

Air Purifier

Reduces allergens, gases, odors Captures 99.97% of particles, Connected app with allergen advice, Ideal for small to medium rooms

Highlights

99.97% filtration

Designed with a multi-stage active filtration system, which captures up to 99.97% of particles that pass through the filter as small as 0.3 microns – the size of most common airborne allergens, particles, bacteria and viruses.

Visualized air quality

In real-time, AeraSense shows you the air quality data via a numerical display and a color ring on the dashboard of the air purifier. The numerical display from 1-12 is an index of the indoor air quality, where 1 is good and 12 is polluted air. The color ring provides an additional visual cue, ranging from blue (good allergen & particle level) to red (bad allergen & particle level)

3 auto modes

The Philips Air Purifier has 3 automatic purification settings: a General mode, an extra-sensitive Allergen mode, and a night sense mode that automatically turns down the lights and fan speed when the room is dark. You can choose

your preferred mode to personalize and optimize your purification.

4 manual settings

In addition to the 3 auto modes, the purifier also has 4 manual modes. Choose one of four different speed settings: from the extra-quiet 'Speed 1' to the extra-powerful 'Turbo Speed' mode. Pick one that is ideal for your required purification.

AeraSense technology

AeraSense

Benchmarked against a professional-grade sensor, Philips AeraSense technology is highly effective in sensing even the slightest change in indoor air conditions. It continuously monitors the air and automatically adjusts the fan speed when it detects a change in particles.

Remotely control purifier

Control your air purifier from anywhere with the connected app. Change the fan speed, set a

AC1214/40

schedule, or see your filter lifetime through the easy-to-use App.

Track your air quality

Use the app to check your indoor and outdoor air quality. The Air Purifier constantly feeds indoor air quality data to the app, which is then combined with outdoor pollution and pollen data to give you a complete picture of your air quality.

Allergen management advice

Based on the indoor and outdoor air quality levels, the app will give you advice to help you with your allergen management regimen.

Ideal for small to medium rooms

The Philips Air Purifier has been designed for small to medium rooms, such as a bedroom. It is recommended for rooms up to 200 sq ft.

Specifications

Performance

- Room size: 200 sq ft/ 18.85 m²
- 0.3µm particle removal: 99.97 %
- Ultra fine particle removal: 20 nm
- Recommended HEPA life time: 12 months
- Recommended AC life time: 6 months
- Sound Power: 32 - 62 dB(A)

Features

- VitaShield IPS
- AeraSense technology
- Air Quality feedback: Numerical
- PM2.5 sensor
- Modes: 3 auto modes
- Fan speed: 4 manual speed settings
- Child lock
- Healthy air lock & Alert
- Motor: DC

Design and finishing

- Color(s): White
- Color of control panel: Black 7C
- Control panel type: Touch Panel
- Material of main body: ABS

Technical specifications

- Voltage: 120 V
- Frequency: 50/60 Hz
- Cord length: 1.8 m

Weight and dimensions

- Weight of product: 183.78Oz/5.21 kg
- Weight incl. packaging: 234.22Oz/6.64 kg
- Dimension of product (LxWxH): 8.27x12.80x21.38 inch/ 210 x 325 x 543 mm
- Dimension of packaging (LxWxH): 10.12x14.61x23.74 inch / 257x371x603 mm

Country of origin

- Made in: China

Sustainability

- Packaging: > 90% recycled materials
- User manual: 100% recycled paper

Service

- 2-year guarantee
