- Safety stand for ease of use
- Fast heat up time, ready to use in 60 sec
- Key-lock function to avoid unintentional switching
- Swivel cord to prevent tangled wires
- Auto shut-off for safe usage
- 1.8 m power cord

PHILIPS

Features

SplitStop Technology

Our secret to ultimate split ends prevention is the new SplitStop Technology. It is a unique combination of optimized heat performance and minimized friction level to respect the health of your hair from roots to tips. There are no sudden temperature changes which ensures the optimum heat is delivered constantly and evenly along the barrel when you style. The barrel is coated with smooth ceramic to reduce the traction on hair strands. Create perfect curls with healthier ends full of new life.

Keratin infusion

Keratin is the hair's essential ingredient which makes them strong, healthy and gorgeous looking. The ceramic is enriched with keratin to even better take care of your hair.

Digital temperature settings

Digital display with 8 temperature settings gives you absolute control to adjust temperature to your hair type for damage prevention.

Up to 200°C

High temperature enables you to change the shape of your hair and get the curly look you want.

38mm extra large barrel

30% more styling space

Increased styling space on the barrel for easier curling even long or thick hair.

Cool tip

The tip of the styler is made from a special heat insulating material to keep it cool; you can safely hold it while you're styling for optimal ease of use.

Safety stand

The safety stand enables you to put the curler down safely during use

Fast heat up time

This styler has a fast heat up time, being ready to use in 60 seconds.

Key-lock function

You are always in control. No more accidental temperature change with the key-lock function.

Swivel cord

Useful swivel cord technology rotates the cord to prevent tangled wires.

Auto shut-off

This styler has been equipped with an automatic shut-off feature. This feature has been designed to provide peace of mind. If left on, the appliance will automatically switch off after 60 min.

1.8 m cord

Convenient to use thanks to the 1.8m power cord length.
