i-tec USB-C Slim Passive HUB 3 Port + Card Reader

i-tec USB-C Slim 3-port HUB with memory card reader, 3x USB 3.0 port, 1x slot for SD/SDHC/SDXC, 1x slot for micro SD/SDHC/SDXC, for notebook tablet smartphone PC with USB-C connector, compatible with Thunderbolt 3, Windows Mac Android

PRODUCT DESCRIPTION

The ADVANCE Series is the highest level of i-tec accessories bringing you the cutting edge technologies of products with a modern design and exclusive packaging.

Combination of passive 3-port HUB with the card reader. For easy and fast connection of USB peripherals to your notebook, tablet, PC or smartphone with new USB-C or Thunderbolt 3 interface. An ideal companion for everybody who does not have enough USB ports and who has to constantly connect and disconnect his/her favorite USB equipment. The memory card reader will be appreciated especially by users of digital cameras and HD video cameras using memory cards as a medium for a frequent transmission of data.

The HUB offers three USB 3.0 ports with the Plug & Play function and standard USB charging – it will automatically detect connected equipment for USB charging. The USB 3.0 interface is important mainly for data transfers from USB 3.0 memory cards and flash disks which will use its high transfer speed most.

Two slots for memory cards support formats SD, SDHC, SDXC, micro SD, micro SDHC and micro SDXC.

This HUB does not require the installation of drivers. You will just connect it with the USB-C cable to your computer and immediately you can start using it. This HUB is powered from the USB bus and it has a built-in overcurrent protection of your computer in case of short connection on the peripheries.

The HUB is suitable for use with Apple MacBook 2015, Chromebook Pixel 2015, Acer Switch Alpha 12, Dell XPS 13, HP EliteBook Folio G1 and other devices with the USB-C connector. The USB-C connector has many advantages, it is smaller, symmetrical and allows an easy connection because now you don't need to take care of the connector rotation.

In case of problems with the installation, technical difficulties or incorrect function of the equipment, check first for the possible solution in the FAQ tab.

Long product description: i-tec USB-C Slim 3-port HUB with memory card reader, 3x USB 3.0 port, 1x slot for SD/SDHC/SDXC, 1x slot for micro SD/SDHC/SDXC, for notebook tablet smartphone PC with USB-C connector, compatible with Thunderbolt 3, Windows Mac Android

PRODUCT FEATURES

- 1x integrated USB-C cable for connecting to the host device (16 cm)
- 3x USB 3.0 port
- 1x SD slot
- 1x microSD slot
- LED indicators
- Surge and overcurrent protection
- OS: Windows 7 / 8 / 8.1 /10, macOS X, Linux, Android, Chrome OS
- Product dimensions: 125 x 29 x 9 mm
- Product weight: 38 g
- Package dimensions: 220 x 153 x 32 mm
- Package weight: 93 g

SYSTEM REQUIREMENTS

Hardware Requirements:

- Device with an available USB-C or Thunderbolt™3 port

Operating System:

- Windows 7 / 8 / 8.1 /10, macOS X, Linux, Android, Chrome OS
