

- Age: 3+
- Number of players: One or more
- Contents: 1 wonderpen, 1 booklet with 18 pages

Vehicles

Light on? Well done!

With Electro 'Vehicles' children learn in a fun way to observe, make connections and remember. What do you see at the train station and which vehicles can fly? Learn about vehicles in the city, at sea, in the air, at the station and so much more! Playing stimulates the development and curiosity of a child. Fun for now, handy for later.

• How to play?

1. Choose a card and read the question.
2. Do you know the answer? Touch the black answer dot with the tip of the pen. Keep the pen upright and gently press the point.
3. If the answer is correct, you will hear a sound and the light will go on. No light or sound? Try again! Sometimes more than one answer can be right.

• Play together

The playing style remains the same, but the players take turns. The mistakes made by each player are written down. The person who makes the least mistakes wins the game.

• Another way of playing

The game can also be played in teams; you choose the correct answer together.

Batteries: The wonderpen works on 2x 1.5V AG13 (LR44) batteries. Unscrew the battery holder to replace the batteries once they run down.

UK Please refer to the packaging of the batteries you have bought, for instructions and safety warnings. If the batteries run down, unscrew the panel on the back of the Wonderpen. Insert new batteries (**2x 1.5V AG3 (LR41)**) and replace the panel. Please ensure the + end is on the correct side of the holder.

WARNING:

- Do not attempt to recharge non-rechargeable batteries.
- Remove rechargeable batteries from the game before being charged.
- Only recharge rechargeable batteries under adult supervision.
- Do not mix different battery types, or new and used batteries together.
- Only use batteries of the type mentioned in the rules.
- Always remove batteries when they are exhausted.
- Do NOT short-circuit the supply terminals under any circumstances.
- Batteries not included.

UK WARNING: Please remove all plastic tags, ties, and any other protective elements which do not make up part of the toy, before giving it to the child. Please retain information for future reference.
