

Handheld vacuum cleaner

- 10.8V battery (Lithium)
- Bagless Cyclonic
- Crevice and brush tool
- Eco

FC6148/01

## Greener every day

Save up to 70% energy with efficient charging\*

The Philips MiniVac EnergyCare 10.8 V vacuum cleaner has lightweight and powerful, long-lasting Lithium-Ion battery technology. The efficient charging system stops using power when the batteries full, so no energy is wasted.

### Benefits

#### High power guaranteed

- Longer-lasting lightweight Lithium-Ion batteries

#### Superior cleaning results

- Aerodynamic nozzle design for a better dust pick-up

#### Optimal filtration

- 2-stage bagless cyclonic airflow for optimal filtration

#### Save energy, not power

- Charging system switches off when batteries are full

#### Easily cleans delicate surfaces and narrow spaces

- Charging stand with brush tool and crevice tool

#### Easy to use

- Looped handle ensure optimum grip
- One-step click-off nozzle for easy emptying

Features

Longer-lasting lightweight Lithium-Ion batteries

The powerful Lithium-Ion (Li-Ion) batteries of the Philips Mini Vac have longer-lasting power versus standard Nickel-Cadmium (NiCd) batteries. Li-Ion batteries are also very lightweight, giving you a more enjoyable cleaning experience.

Brush tool and crevice tool

The charging stand of the MiniVac holds both a brush tool and a crevice tool. The brush tool makes sure you don't damage delicate surfaces when cleaning, while the crevice tool gives you access to hard to reach places.

System switches off when full

The efficient charging system automatically shuts off when the batteries are fully charged. Therefore it stops using power and it saves energy. Other charging system normally keep charging even when batteries are full and therefore waste energy.

2-stage bagless cyclonic

The bagless cyclonic airflow keeps the dirt inside rotating to ensure optimal, high suction power and lasting cleaning performance. Its 2-stage filtration system ensures that, once inside, the dirt cannot escape. The first filter blocks most dirt, while the second filter traps the finer dust particles.

Specifications

[field not found 'disclaimer\_text']

Design

Color	Greige and green
Design features	Translucent dust chamber

Filtration

Dust capacity	0.5 L
Filter system	2-stage cyclonic action

Aerodynamic nozzle design

The aerodynamic nozzle design of the Philips MiniVac is created to ensure an optimum dust pick-up of even the most fine dust particles. The ergonomic shape of the nozzle helps you to clean even the most hard-to-reach areas.

Comfortable grip

The Philips Mini Vac has a looped handle that ensures optimum grip. You can grab the Mini Vac in any way you like. The soft rubber coating feels gentle and gives the firm grip you need.

One-step click-off nozzle

The Philips MiniVac vacuum cleaner is easy and quick to empty and hygienic to clean. The Philips MiniVac has a nozzle that easily clicks off in just one step, so you can empty the Mini Vac without touching the dirt.

Nozzles and accessories

Other accessories	Charging base
-------------------	---------------

Performance

Airflow (max)	950 l/min
Battery type	Li-Ion
Battery voltage	10.8 V
Charging time	8 hour(s)
Input power (max)	100 W
Noise level (Lc IEC)	81 dB

## MiniVac

Runtime	9 minute(s)
Suction power (max)	22 W
Vacuum (max)	4.3 kPa

### Usability
