User Manual Universal AC Laptop Charger NP19V65W-DL2TIPS / NP19V90W-DL2TIPS

Thank you for purchasing an APC by Schneider Electric universal AC laptop charger.

This universal AC adapter supplied with 2 connector tips is compatible with most Dell notebooks on the market. It will allow you to replace your own adapter or will help you avoid loss, damage, and having to carry it while traveling. We are sure this product will give you years of satisfaction.

Safety Regulations

⚠ DANGER

HAZARD OF ELECTRIC SHOCK, EXPLOSION, OR ARC FLASH

- Read the user guide carefully.
- Only use the adapter indoors and keep it away from children.
- Before cleaning the adapter, unplug it from the wall socket. Use a soft rag and no cleaning liquids or aerosols.
- Do not open the adapter, as doing so risks electrocution.
- In the event of a detected fault, call your retailer. The adapter cannot be repaired by the user.
- If the product has become damp, emits crackling noises or has been damaged, unplug the adapter and call your retailer.
- Do not expose the product to high temperatures.

Failure to follow these instructions will result in death or serious injury.

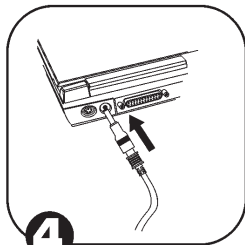

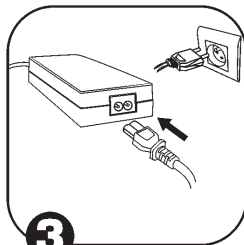

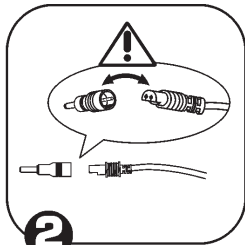

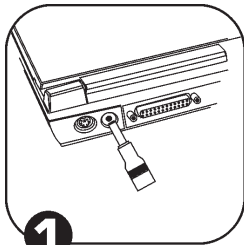

Contents

The box contains a main adapter with charging cable, 2 connector tips, and a power cable.

Installation

To install the adapter, follow the instructions below and the installation diagram.

1. Choose a tip that matches the Notebook model that you wish to connect to the power supply. To do so, refer to the compatibility table as well as the specifications of the Notebook. Check the voltage (V) and the amperage (A), the tip's dimensions (mm) and brand. Never use a tip that is not compatible with your Notebook.
2. If needed, plug the tip into the charge lead, making sure it is inserted correctly.
3. Make sure the electrical source corresponds to 100-240V and a frequency ranging from 50 – 60 Hz. Never use the adapter with a different electrical source. Connect the power cable to an easily accessible power socket.
4. Finally, plug the charge lead fitted to the connector into the female charge socket of your Notebook.

Specifications

	NP19V65W-DL2TIPS	NP19V90W-DL2TIPS
