¹Maximum wireless signal rate derived from IEEE standard 802.11n specifications. Actual data throughput will vary. Network conditions and environmental factors, including volume of network traffic, building materials and construction, and network overhead, lower actual data throughput rate. Environmental factors may adversely affect wireless signal range. Wireless range and speed rates are D-Link RELATIVE performance measurements based on the wireless signal range and speed rates of a standard Wireless G product from D-Link. Maximum throughput based on D-Link 802.11n devices. ² Visit your local D-Link website for latest updates, information, and support. Product specifications, size and shape are subject to change without notice, and actual product appearance may differ from that depicted on the packaging. See inside package for warranty details.
