Designed for inconsistent flossers

For those who don't floss consistently, AirFloss Pro/Ultra**** is the easiest way to effectively clean between teeth. AirFloss Pro/Ultra can be used with mouthwash or water and is clinically proven as effective as floss for gum health.**

Improves oral health

- Whitens teeth more than 2x better than a manual toothbrush
- Up to 99.9% plaque removal***
- Clinically proven as effective as floss for gum health**
- Helps prevent cavities between teeth

Provides a superior clean

- DiamondClean toothbrush head for Sonicare's best whitening
- Engineered to maximize sonic motion

Superior technology

- Air and micro-droplet technology
- High performance nozzle
- Triple burst customizable settings

The easiest way to effectively clean between teeth

- Takes just 60 seconds: Point, Press, Clean!
- An easy way to start a healthy habit

Highlights

Whitens teeth 2X better

This Philips Sonicare toothbrush whitens teeth more than 2x better than a manual toothbrush in just 1 week. Removes up to 100% more stains for whiter teeth in just 1 week.

Maximized sonic motion

Philips Sonicare brush heads are vital to our core technology of high-frequency, high-amplitude brush movements performing over 31,000 brush strokes per minute. Our unparalleled sonic technology fully extends the power from the handle all the way to the tip of the brush head. This sonic motion creates a dynamic fluid action that drives fluid deep between teeth and along the gum line for superior, yet gentle, cleaning every time.

Up to 99.9% plaque removal

AirFloss Pro/Ultra removes up to 99.9% of plaque from treated areas.***

Micro-droplet technology

Our clinically-proven results are possible from our unique technology that combines air and mouthwash or water to powerfully yet gently clean between teeth and along the gumline.

Easily start a healthy habit

Interproximal cleaning is very important to overall oral health. AirFloss Pro/Ultra is an easy way to clean deeper between teeth, helping to form a healthy habit.

Better gum health

Philips Sonicare AirFloss Pro/Ultra is clinically proven to improve gum health as much as floss.** Helps improve gum health in as little as two weeks.

Cleans in just 60 seconds

With the AirFloss Pro/Ultra, cleaning your entire mouth takes less than 60 seconds a day. Simply select your burst frequency (single, double or triple), and hold down the activation button for continuous automatic bursts or press and release for manual burst mode.

Helps prevent cavities

By gently bursting away plaque that brushing missed, Philips Sonicare AirFloss Pro/Ultra helps prevent cavities from forming in the spaces between your teeth.

High performance nozzle

The new AirFloss Pro/Ultra high performance nozzle amplifies the power of our air and micro-droplet technology to be more effective and efficient than ever.
