PHILIPS

Highlights

4K Upscaling

Your Standard Definition and High Definition videos have never looked better. 4K upscaling processor delivers images that are crystal clear. Movies in standard definition and high definition can now be enjoyed in 4K Ultra HD, ensuring more details and more true-to-life pictures.

USB Multimedia

With support for a vast number of formats such as H.264, AAC, MP3, JPEG, HEVC*, VP9* (* on 4K TVs) and more, conveniently enjoying your personal media via USB has never been easier.

Enhanced Accessibility

Enhanced Accessibility enabled products provide a more user friendly experience for

visually and hearing impaired people to enjoy Philips televisions and home video players. With features such as a voice guide menu, easy to read and navigate user interface, raised guide dots on key remote control buttons and large format support information so visually impaired people can reach customer care; Philips cares about accessibility and wants everyone to enjoy television.
