The LG LHB645 home theatre system with premium content* lets you instantly access content from partners like Netflix and YouTube directly to your TV for endless hours of fun. With 5.1 channels and 1000 watts, your movies and shows will surround you for a more immersive and engaging experience. This home theatre system is also compatible with LG's Smart Hi-Fi speakers. So, if you want to add Music Flow speakers** for more channels and watts, it's easy to do.

*Internet connection & some subscriptions required and sold separately. Content and services vary by product and are subject to change without notice.

** Separate purchase required.

5.1 Channel Immersive Sound

Bring to life all of your favourite movies, TV shows, sports and music with 5.1 channel surround sound and added bass to enhance your TV's sound.

Private Sound Mode

Wirelessly send the audio from the home theatre to your compatible smartphone, so you can listen without disturbing others*.

*TV/Set-top box must be connected to the LG home theatre system to use Private Sound Mode.

LG MUSIC *flow*

LG MUSIC FLOW PLAYER

LG's Music Flow Player application lets you easily access your music either streamed or stored on compatible devices and control them on your LG wireless speaker.
