- Bluetooth profiles: A2DP

## Convenience

- Clock: On main display
- Loader type: Front, tray
- Display type: LED display

## Accessories

- Included accessories: FM antenna
- Remote control: 21-key remote
- User Manual: chinese

## Power

- Power supply: 50/60 Hz, 100-240VAC, 50/60Hz

## Audio Playback

- Bluetooth mode: Play/Pause, Previous/Next

# Highlights

## Bass Reflex Speaker System

Bass Reflex Speaker System delivers a deep bass experience from a compact loudspeaker box system. It differs from a conventional loudspeaker box system in the addition of a bass pipe that is acoustically aligned to the woofer to optimize the low frequency roll-off of the system. The result is deeper controlled bass and lower distortion. The system works by resonating the air mass in the bass pipe to vibrate like a conventional woofer. Combined with the response of the woofer, the system extends the overall low frequency sounds to create a whole new dimension of deep bass.

## USB Direct for easy MP3 music

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct.

## Digital tuning with presets

Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

## Wood and aluminum finish

Finished in wood and aluminum to fit your lifestyle
