Highlights

Longer lifetime

Philips NanoProtect HEPA Series 3 filter has 111 optimised pleats. This covers an unfolded area of about 1.6 m² to ensure a long lifetime of up to 24 months.

Superior performance

Philips NanoProtect HEPA Series 3 filter is made of high-quality material. It can capture up to 99.97%* of particles even as small as 0.3 microns — the size of most common airborne allergens, harmful particles, bacteria* and viruses*. The high-grade filter with firm and stable structure ensures that all of the air flows through the filter and delivers high filtration efficiency.
