- Exhaust filter: 2x
- Washable filter: 1x

Suitable for

- PowerPro Active: FC8670 - FC8679, FC9530 - FC9542

FC8017/01

Highlights

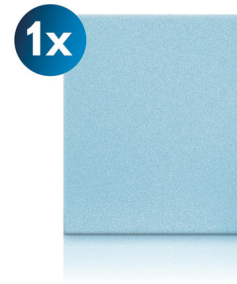

Ultra-Hygiene washable motor f

The kit contains 1 x Ultra-Hygiene washable motor filter. This provides high filtration levels and prevents fine dust from reaching the motor and damaging it. The filter can be washed, and should be replaced once a year.

Exhaust foam filter

The kit contains 2 x exhaust filters. The filters catch even the finest dust before the air is expelled back into the room. This results in a clean, dust-free air in your home. The filters should be replaced once a year.

Motor inlet filter

The kit contains 1 x motor inlet filter (foam). This filter is providing additional protection to the motor and should be placed next to the EPA motor filter. The filter should be replaced once a year.
