

NGS BLUETOOTH FM TRANSMITTER SPARKBT

BLUETOOTH CAR FM TRANSMITTER - HANDS FREE

Bluetooth Car FM Transmitter for streaming music and hands free calls in your car or truck. Enjoy the best beats direct from your Smartphone, tablet or music player through your car stereo without cables.

NGS Spark BT is a FM transmitter with Bluetooth technology, it supports 206 channels between frequencies 87,5 and 108 Mhz. The music is transmitted through FM radio from your device: Smartphone, mp3 or tablet.

Talk while you are driving in an easy and safe way thanks to its hand free function. When it comes to incoming calls you can answer them directly and listen clearly through your car speakers. Avoid distractions at the wheel.

You will only have to select an unused FM frequency and tune in your radio to stream all your devices audio content directly through your car stereo.

It is equipped with a USB connector that allows charging your devices with a 2 Amp output.

NGS Spark BT features a backlit LED Screen to show the selected frequency info and easy to use buttons: forward/skip songs, reject/answer calls and choose the channel.

Finally, it works with 12 Volts batteries for cars as well as 24 Volts for trucks or caravans.
