HX9042/22

Highlights

Brush head design

Features flexible sides, which allow the bristles to conform to the unique shape of patients' teeth and gums while absorbing excessive pressure. The flexible sides also enable an enhanced sweeping motion for superior cleaning along the gumline and in hard-to-reach areas vs. a manual toothbrush.

Reminder bristles

Brush heads exhibit fatigue and bristle wear after months of normal use. Blue reminder bristles fade to white to let patients know it's time for a replacement.

Click-on design

Philips Sonicare brush heads click on and off the brush handle for a secure fit and easy maintenance and cleaning. Fits all Philips Sonicare toothbrush handles except: PowerUp and Essence.
