

OMEN by HP Mouse Pad 300

A professional playing field

The only thing standing between you and the comeback of the century is five perfectly placed headshots, and those don't come easy. A quality mouse pad can shift a jarring near-miss to a fluid kill shot, with a non-slick rubber base and ideal surface friction for precise, controlled mouse movements.

Designed for precision

Remove any uncertainty in your mouse movements with a non-slip rubber base and smooth cloth surface optimized for the optical sensor of gaming mice.

Holds up under pressure

With 4mm thickness.

Room to glide

A massive size delivers room for fluid, gliding movements, even at lower DPI settings.
