

Philips 3000 and 4000 series Super automatic espresso machine

With the Philips 3000 and 4000 Series, thanks to its compact design with high capacity, you can enjoy espresso and coffee from fresh beans at the touch of a button. The 4000 range comes with an integrated milk carafe.

Our eco passport*

Philips wants to make the world healthier and more sustainable. To make this a reality, we have to keep thinking differently; pushing the boundaries of what is currently believed possible. We continuously innovate and deliver products and technologies that are positive for people and the environment. At Philips we call this Green Innovation.

We know this is important to you too. So we have developed an eco passport which explains the environmental performance of our products in the six Philips Green Focal Areas, developed through our eco design process since 1994, enabling you to make conscious, informed decisions. An eco passport will explain the Green Focal Areas considered and applied in the specific product.

Energy

- Max power consumption: 1850W
- Annual energy consumption:
 - 64kWh* for water spout system
 - 66kWh* for carafe milk system
- Standby energy consumption: <0,5W
- Off-mode: 0W
- Automatic shut off: after max 15 minutes
