

NGS BLUETOOTH SPEAKER ROLLER FLOW MINI

10W BLUETOOTH SPEAKER. USB/ AUX IN/FM RADIO.1500 MAH BAT.

An original **Bluetooth** speaker ideal to take anywhere due to the fact that it is battery-operated and it's equipped with a **removable wrist strap to assist with carrying**. Enjoy music outdoors thanks to its maximum portability.

This tube-like product is distinguished by its **ergonomics and modern design**, enables **horizontal and vertical positioning**. Its rubber coating finish on the sides allows a perfect grip on any surface.

This portable speaker is equipped with 2.1 **Bluetooth Technology**, for wireless transfer with iPad, tablet, or laptop. The device is versatile enough thanks to its **USB port with MP3 to play music**.

In addition, NGS Roller Flow Mini features a **FM radio tuner with automatic frequencies search and storage of stations**. Through **its auxiliary input**, devices with audio cable such as smartphones, MP3, etc. can be connected.

You will enjoy your favorite music thanks to this powerful **10W** portable speaker. NGS Flow is also **equipped with 1500 mAh integrated battery** that outstands for its long life, lasting 4 hours at maximum volume.

The battery recharges with a standard MICROUSB cable, so can be powered up from the USB port in your car, via a laptop or using main power USB- making it perfect for taking to the great outdoors.
