Compact performance and precision

High pressure steam generator

Compact, high pressure steam generator for detailed and highly efficient results.

High pressure steam generator

With a compact design and high-quality materials, Compact Steam Extreme is the perfect tool for efficient, high-performance ironing. Featuring the patented profiled Microsteam400 3De stainless steel soleplate, this high pressure steam generator delivers wrinkle and crease removal at professional standards.

PRODUCT BENEFITS

Compact

An extra-compact format for easy transport and storage.

Microsteam400 3De Inox soleplate

Unique patented Microsteam400 3De soleplate technology with 400 micro-holes for perfect steam diffusion. Its specific 3De structure optimizes energy consumption by concentrating the steam flow along micro-holed canals. High quality stainless steel ensures durable performance and glideability.

Eco energy mode

Eco energy mode requires up to 20% less energy use*

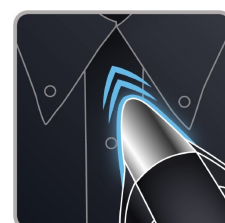

Steam boost for thick fabrics

The integrated steam boost system provides a powerful steam shot of 260 g/min for thick fabrics and difficult creases.

Precision tip

Profiled tip for easy and precise access to difficult areas. Reaches narrow edges, seams and collars.

Easy and unlimited refill

Large easy-opening door enables easy refilling, even while in use.

Product Repairable for 10 years

- Designed for easy repair
- Low cost fast delivery of spare parts for 10 years
- 6500 repair centers worldwide
