

MPN: FIBSCFLCM

SC male - LC Female, Duplex, SM

The MicroConnect FIBSCFLCM SC Female to LC Male Duplex Single-Mode Fiber Optic Connector provides a reliable and high-performance solution for converting between SC and LC fiber optic connections. This adapter facilitates seamless integration of different fiber optic equipment, ensuring minimal signal loss and optimal data transmission. Ideal for use in telecommunications, data centers, and other high-bandwidth applications, this connector upholds MicroConnect's commitment to quality and innovation. With over 20 years of expertise, MicroConnect delivers pioneering connectivity solutions that you can trust. This adapter ensures a secure and efficient connection, making it an essential component for any fiber optic network.
