Product **Description**

The ViewSonic® XG2730 is a 27" WQHD gaming monitor that delivers the perfect mix of silky smooth gameplay, impressive graphic detail, and lightning fast response that enthusiast gamers require when looking for a high-performance gaming monitor. Whether you play MOBA, Third Person Shooter, First Person Shooter, or any other games with detailed graphics that require a quick reaction time, XG2730's WQHD resolution delivers an impressive pixel density that boosts clarity and displays all the graphic intensive detail you need to become immersed in your gaming atmosphere. The monitor features 144Hz refresh rate, FreeSync compatibility and 1ms response time that eliminate screen tearing and stuttering to give you super smooth gameplay even during fast paced-action. The ultra-responsive movements keep you a step ahead of your competition. It also comes equipped with a fully ergonomic stand, a redesigned OSD and Gaming hotkey for quick navigation and flexible installation as well as the ColorX preset for fine-tuned in-game colour.
