Steam generator iron - purple/white

- Max 5.2 bar pump pressure
- Up to 220 g steam boost
- 1.3-l fixed water tank
- Carry lock

GC6730/30

Iron faster with 2 x more steam*

The powerful, continuous steam from our FastCare Compact Steam Generator Iron works faster than an ordinary steam iron, with an easy-to-refill water tank and quick heating up. Compact and lightweight for easy storage.

Benefits

Fast and powerful
- Powerful steam for ultimate crease removal
- Built-in descaling system for lasting performance
- Ceramic soleplate for durability and easy gliding

Compact and convenient

- Lightweight and compact for easy use and storage
- Large tank for long use
- Carry lock for safe and easy transport
- Automatic shut-off when the iron is left unattended

PHILIPS

Features

Ultra-powerful steam

Strong, continuous steam tackles even the thickest fabrics with ease. Watch stubborn creases melt away with an extra steam boost just where you need it. This extra steam is perfect for vertical steaming to refresh clothes and curtains, too.

Smart descaling

Keep steaming as strong as ever and extend the life of your iron with Smart Calc Clean, our built-in descaling and cleaning system. The iron will let you know when it is time to be cleaned.

Ceramic soleplate

Our durable ceramic soleplate glides well on all garments. It is non-stick, scratch-resistant and simple to keep clean.

Compact and convenient

The lightweight, compact size is perfect for storage and fits conveniently on your ironing board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

1.3-l water tank

A 1.3-litre transparent tank gives you more than 1 hour of continuous use. See clearly how much water is left and refill easily at any time under the tap through the large filling hole.

Safety carry lock

Lock your iron securely to the base station for easy carrying around the house and to reduce the risk of accidentally touching the hot soleplate.

Auto shut-off

The automatic shut-off function automatically switches off your steam generator iron if it has not been used for a few minutes. This saves energy and gives you peace of mind.

Specifications
