# Highlights

## No temperature setting needed

Iron everything from jeans to silk without adjusting the temperature. Thanks to OptimalTEMP, no dial or settings are needed. So there's no more pre-sorting the laundry, or waiting for the iron to heat up and cool down. You're ready for any fabric, any time.

## No burns – guaranteed

Thanks to OptimalTEMP technology, we guarantee that this iron will never cause burns to any ironable fabric. You can even leave it resting face down on your clothes or ironing board. No burns, no shine. Guaranteed.

## Approved by experts

The Woolmark Gold seal of approval ensures a product is safe to use on any and every wool fabric. Our steam irons with OptimalTEMP technology are the first and only irons, from any brand, to earn this level of certification.

## Ultra-powerful steam

Strong, continuous steam tackles even the thickest fabrics with ease. Watch stubborn creases melt away with an extra steam boost just where you need it. This extra steam is perfect for vertical steaming to refresh clothes and curtains, too.

## Smart descaling

Keep steaming as strong as ever and extend the life of your iron with Smart Calc Clean, our built-in descaling and cleaning system. The iron will let you know when it is time to be cleaned.

## SteamGlide Plus soleplate

Our exclusive SteamGlide Plus soleplate – with its advanced titanium layer and 6-layer coating

– delivers ultimate gliding performance over any fabric. Non-stick, scratch-resistant and easy to keep clean.

## Compact and convenient

The lightweight, compact size is perfect for storage and fits conveniently on your ironing board. Exclusive ProVelocity technology makes our steam generators smaller and more compact than ever.

## 1.3-l water tank

A 1.3-litre transparent tank gives you more than 1 hour of continuous use. See clearly how much water is left and refill easily at any time under the tap through the large filling door.
