PHILIPS

Features

OptimalTEMP technology

Thanks to OptimalTEMP technology, we guarantee this iron will never cause burns to any ironable fabric and you can iron everything from jeans to silk, from linen to cashmere safely, in any order, without waiting for the temperature to adjust or pre-sorting clothes. Philips steam irons with OptimalTEMP makes your ironing easier and faster and has been tested by independent textile experts .

3000 W for fast heat up

Delivers a fast warm-up and powerful performance to get your ironing done quickly

Deep, penetrating steam

Thanks for the special design for maximum steam penetration, now up to 20%* more steam through the fabric for great results, faster

Continuous steam up to 55g/min

Strong and consistent steam output now penetrates up to 20% more steam through fabric to remove creases faster.

Steam boost up to 230 g

Penetrates deeper into fabrics to easily remove stubborn creases.

SteamGlide Advanced soleplate

SteamGlide Advanced is our best soleplate for ultimate gliding performance and maximum scratch resistance. Its stainless steel base is twice as hard as a regular aluminum base, and our patented 6-layer coating with advanced titanium layer glides effortlessly for the fastest results.

Smart calc-clean reminder

This iron has a smart calc-clean reminder which indicates when the descaling is needed. Simply push the calc-clean button on the water tank to flush away the calc from the iron for long-lasting steam performance

Auto shut-off

The iron shuts itself off if you leave it standing still. On its soleplate, it will automatically switch off after 2 minutes .On its heel rest, it will automatically switch off after 8 minutes.
