*Compared to fat content of chicken and pork versus a deep fat fryer and wok frying

***Rapid Air Technology increases the airflow speed in the basket by 7 times, compared to airflow speed in a Philips Viva Airfryer with flat bottom

*****Compared to fresh chips prepared in a Philips conventional fryer

*******Energy cost of cooking one chicken breast (AF 160°C, no preheat) or salmon filet (200°C, no preheat) vs. using an A class oven. Average percentage based on internal lab measurement with products HD9280, HD9650, HD9860, HD9270, HD9285, HD9252, HD9200, HD9255, HD9880. Results might vary per product.

Highlights

Fat Removal technology

Eat healthier dishes with excess fat removed from food. The Philips Airfryer has Fat Removal Technology that separates and captures excess fat. Enjoy delicious food that's crispy on the outside and tender on the inside with maximum taste and minimum fat.

XXL family-size meals

Yes, you can cook family-sized meals in the new Airfryer XXL. Its full-size capacity makes cooking a large, delicious meal easy. You can cook a whole chicken or even up to 1.4 kg of chips to satisfy your hungry family or friends. Serve up to six portions with the large 7.3 L capacity pan.

Keep Warm mode

With our handy Keep Warm mode, you can enjoy your meal when you're ready. It will keep your food warm and at the ideal temperature for up to 30 minutes.

Rapid Air technology

Philips' Rapid Air technology creates 7 x faster airflow for deliciously crispy results**. Enjoy healthier and tasty snacks and meals that are crisped to perfection yet tender on the inside.

Time and energy efficient

Philips Airfryers work more efficiently to save you time and energy by cooking delicious meals with up to 70% less energy and up to 50% faster than a traditional oven.****

QuickClean and dishwasher-safe

Clean-up is fast and easy thanks to the Airfryer QuickClean basket with removable non-stick mesh insert. Both the basket and removable drawer with non-stick coating are also dishwasher safe for no-fuss cleaning.

Fry with little or no oil

The Airfryer uses hot air to cook your favourite food with little or no added oil, so you can fry with up to 90% less fat***. Enjoy great-tasting, crispy results like deep fried, with the least amount of fat.

Digital display with 5 presets

The digital interface is easy to use with preset cooking programmes for one-touch cooking of frozen fries, meat, fish, whole chickens and chicken drumsticks. A QuickControl dial sets both temperature and cooking time.

Bake. Grill. Roast. Or reheat

You can make hundreds of dishes in your Airfryer. Fry, bake, grill, roast and even reheat your meals. Every bite is as delicious as the last thanks to the Philips air flow and starfish design. It cooks food uniformly from all sides for perfect meals every time.
