More power for smoother results

400W ProMix handblender with turbo function

The Philips handblender combines 400Watt power, ProMix blending technology and Turbo function for smooth results even for tough applications. Homemade soups, purees and shakes have never been so easy to prepare with a handblender.

A smooth result in seconds

- Triangular shape for optimal flow and blending performance
- Powerful handblender motor for optimal results
- Turbo button for the toughest ingredients

No splashing while you blend

- Anti-splash blade guard with special wave shape

Easy to use

- 2-button release system to easily remove the blending bar

Enjoy a variety of recipes

- 0.5L measuring handblender beaker

Hand blender with ProMix blending technology
400 W, metal bar ProMix, 0,5 L Beaker, 2 speeds including Turbo

HR1621/05

Highlights

0.5 L beaker

With the 0.5L beaker you can measure the ingredients for your recipes, but also quickly blend soups, purees or shakes.

2-button release system

With the 2-button release system of the Philips handblender it is easy to remove the blending bar for easy cleaning.

400 Watt Motor

400W

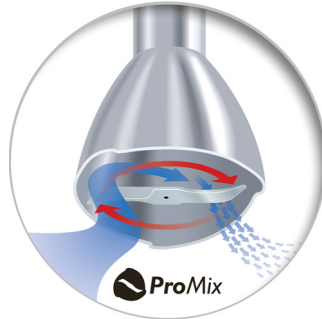

With the powerful motor of 400 Watt almost any ingredient can be blended with the Philips handblender.

Anti-splash blade guard

The special wave shape in the bottom part of the handblender blending bar guarantees no splashes or mess while you blend.

ProMix blending technology

The Philips handblender ProMix technology was developed together with the prestigious Stuttgart University. It is an advanced technology for more consistent and faster blending. The unique ProMix blending technology of Philips hand blenders uses a triangular shape to create an optimal flow and gives maximum performance making silky smooth soups and smoothies.

Turbo function

With the Turbo function of the Philips handblender you can cut even the toughest ingredients.
