- Permanent coffee filter for your convenience
- Swing filter holder for easy filling of coffee

#### Quality design

- Sensational design to experience full brewing process
- Machine tested for >30.000 cups to ensure consistent quality

# PHILIPS

# Highlights

## Unique boil & brew system

With the unique boil & brew system, the water is first boiled in the glass water container before the coffee is brewed. This process is exactly the same as brewing authentic handmade filter coffee, resulting in steaming hot coffee with the full flavors of handmade drip coffee.

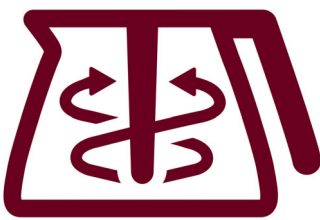

## Sensational design

Brewing your coffee becomes a sensational experience with Café Gourmet. With its exclusive vertical design, you follow the brewing process from beginning to end.

## Optimal brewing temperature

Thanks to the optimal brewing temperature of 93°C, precisely the right flavors and aromas are extracted from the coffee grounds, for a perfect taste of handmade filter coffee.

## Aroma twister

This smart nozzle inside the jug circulates the inflowing coffee evenly through the jug for an optimal and consistent aroma, from the first to the last cup.

## Keep your coffee hot

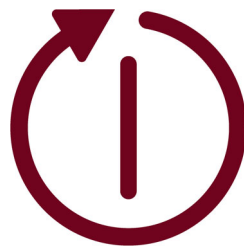

After brewing your coffee, the heating plate maintains the coffee temperature, for hot and tasty coffee.

## Drip stop

The drip stop allows you to pour a cup of coffee before the full brewing cycle is finished.

## Automatic shut-off (30 min)

## Auto-off

30 Minutes after brewing your coffee, the coffeemaker switches off automatically for energy saving and safety.

## Permanent coffee filter

This coffee machine comes with a permanent coffee filter. Hence, you do not need to purchase paper coffee filters. This permanent coffee filter can easily be cleaned in the dishwasher.

## Quality machine

Machine tested for >30.000 cups to ensure consistent quality.

## Swing filter holder

The filter holder is opened by swinging it to the side, which makes the filling of coffee easy. The filter holder is also detachable, for easy cleaning.

# Specifications

## Accessories

- Included: Glass jug

## Design

- Color: White

## Finishing

- Material of main body: Stainless steel & plastic
- Material water tank: Plastic

## Country of origin

- Made in: Poland

## General specifications

- Compatible coffee serving: Ground coffee powder
- Ease of cleaning & maintenance: Dishwasher-safe parts, Removable filter holder
- Ease of use and comfort: Translucent water tank, Water level indication, Drip stop
- Special functions: Boil & brew
- Coffee drinks: Drip filter coffee

## Service

- 2-year guarantee

## Sustainability

- Power consumption brewing: 1000 W

## Technical specifications

- Capacity water tank: 1 L
- Capacity water tank: Up to 12 cups
- Cord length: 0.8 m
- Frequency: 60 Hz
- Pump pressure: n/a bar
- Voltage: 110 V
- Brewing time for a jug: 10 min

## Weight and dimensions

- Dimensions of packaging (WxDxH): 237 x 238 x 568 mm
- Dimensions of product (WxDxH): 195 x 225 x 510 mm
- Weight of product: 2.3 kg
