- 100% food grade oil
- Low noise
- Five programs to enjoy your favorite drink easily

### **Easy cleaning**

- Non-discoloring stainless steel hood for easy cleaning

# PHILIPS

# Highlights

## Rapid cutting technology

Advanced rapid vortex cutting technology cuts beans more finely, so there's no need for filtering! What's more, 20% more dissolved protein is extracted from the soybeans\*

## Super steam heating technology

Super saturated steam heating technology stabilizes the temperature inside the pot, facilitating the transformation from soybean to soymilk and improving the soymilk taste.

## No filtering

Drink directly with no need to filter, saving time & effort. The rich dietary fiber in soymilk helps to maintain digestive health.

## Rotating lid

Rotating lid design protects against leaking when dropped, making lifting safer and more convenient.

## Double housing

Double housing, keeps warm without scalding.

## 100% food grade oil

100% food grade oil

## Low noise

Low noise

## Favorite drinks made easily

Making your favorite drink is easy by selecting the right program, including dry/soaked soymilk, five grains soymilk, rice paste, veggie/fruit juice & vegetable puree soup. .

## Stainless steel hood

Non-discoloring stainless steel hood for easy cleaning.
