Firmer feeling, brighter looking skin

Your daily solution for healthy looking skin

When your skin is young it renews fast and is firm and glowing. With time your skin's metabolism slows down. That's why we have introduced VisaCare Prestige: your skin rejuvenation solution to address loss of firmness and dull complexion.

Brightening tip for smooth brighter looking skin

- Remove dull skin cells for smooth, brighter looking skin

Firming tip for firmer feeling skin

- Deep tissue stimulation** for firmer feeling skin

Gentle on your skin

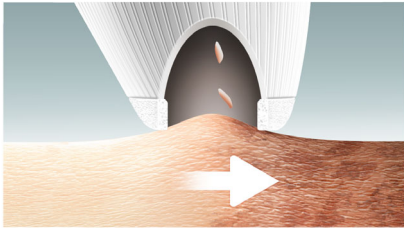

- Developed with skin experts, scientists and dermatologists.
- Can be used on wet skin for a smoother glide
- Helps to improve the absorption of your moisturizer
- Suitable for all skin types

Easy to use

- Brightening tip can be used every day for optimal results
- Firming tip can be used twice a week
- Cordless usage

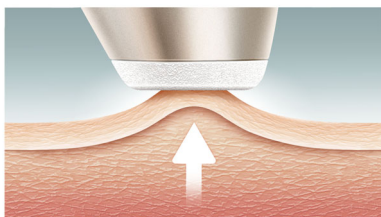

Highlights

Brighter looking skin

Gentle pinching removes old, dull skin cells for smooth, brighter looking skin. 150.000 crystal particles embedded in the tip work gently but effectively on the skin. 86% of the women agree*: "my skin looks more youthful". And 86% of women agree*: "my skin looks brighter***"

Firmer feeling skin

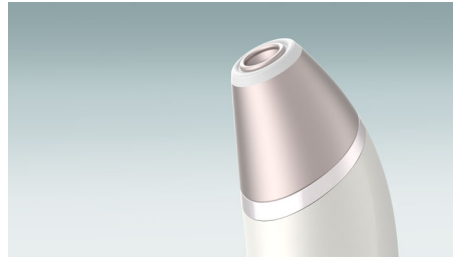

Deep tissue stimulation** with gentle pinching technique inspired by professional salon treatment. 92% of the women agree*: "firmer feeling skin".

Brightening tip for daily use

Achieve immediate, optimal results with just 5 minutes treatment every day using the brightening tip.

Firming tip use twice a week

Use the firming tip twice a week for a more firming treatment in only 5 minutes.

Developed with skin experts

VisaCare Prestige is developed together with skin expert scientists and dermatologists. The skin rejuvenation technology is adapted for safe use in the comfort of your own home.

Use on wet & dry skin

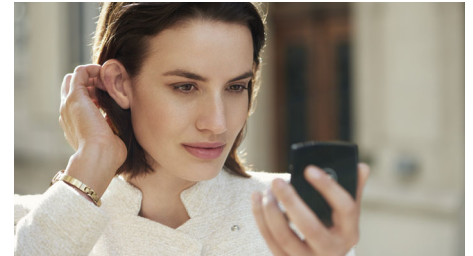

The device has been developed for best results on wet skin. Simply moisten your skin with some water before use. It can also be used on dry skin and, of course, it's up to you to decide which you prefer. Both types of usage will make your skin feel firmer, but you'll find that the tip glides over wet skin more easily for a more pleasant and gentle experience.

Increases absorption of creams

Cleansing with this device means that you remove more make up residue, dead skin cells and dullness. Thanks to the deep cleansing effect, your favorite skincare products like creams, serums and essences are better absorbed by the skin.

Suitable for all skin types

The crystal particles of the Visacare Prestige tips are gentle on your skin, as they are up to 20 times smaller than your normal scrub particles. Suitable for all skin types even for delicate skin.
