Highlights

Hot, creamy milk froth

SENSEO®'s patented frothing system uses advanced technology for excellent performance, delivering a perfect, hot milk specialty every time.

Integrated milk container

Enjoy your creamy cappuccino with the milk you prefer thanks to the dishwasher safe milk container. It is easy to unplug and store in the fridge for long lasting freshness. Cappuccino with every kind of milk has never been so easy.

Coffee Boost technology

Get the most out of your coffee pad thanks to the innovative SENSEO® Coffee Boost

technology that delivers a fuller, richer flavor through: a new finer distribution of water via 45 aroma nozzles ensuring the hot water is optimally spread across the entire SENSEO® coffee pad. Therefore each grain of ground coffee will release all the aromas and flavors, delivering a richer, fuller, taste.

Personal coffee memory

Your SENSEO® Latte Duo allows you set the coffee and milk volumes at exactly at the level you want. If it is either a long & mild Latte Macchiato or a short & strong Cappuccino, it is always to your personal taste.

2 cups at the same time

Brew 2 cups at the same time by touching twice the button of the beverage. Enjoy making your coffee specialty in seconds as easy and effortless as never before.

Strength select function

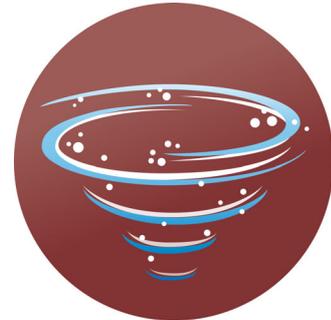

Prepare your favorite cup of coffee by adjusting the strength and intensity of its taste. With the strength select function on your SENSEO®, you can choose between strong short and mild long coffee.

Smart guided controls

Make your coffee in a convenient and intuitive way with the unique and smart guided controls. The LED indicators guide you through the different functions to make your coffee experience even more enjoyable.

Easy clean system

Your SENSEO® Latte Duo coffee maker can be easily cleaned through the One-Touch cleaning routine after each use. For thorough cleaning simply disassemble the milk spout and wash all parts in the dishwasher or by hand. When it is time to descale, the Latte Duo will remind you.
