- Cool Shot sets your style

### Easy to use

- Dryer: 1.8m cord for maximum flexibility
- Easy storage hook for convenient storage

### Less hair damage

- ThermoProtect temperature setting

# PHILIPS

# Highlights

## ThermoProtect temperature

The ThermoProtect temperature setting provides the optimal drying temperature and gives additional protection from overheating the hair. With the same powerful airflow, you will get the best results in a caring way.

## Accurate control

The speed and heat required can be easily adjusted to create the perfect style. Six different settings ensure full control for precise and tailored styling.

## Cool Shot

A must-have professional function for hair stylists. The Cool Shot button provides an intense burst of cold air. It is used after styling to finish and set the style.

## 2200W of power

This 2200W professional hairdryer creates a powerful airflow. The resulting combination of power and speed makes drying and styling your hair quicker and easier.

## 11mm narrow concentrator

The 11mm opening of the concentrator focuses the flow of air for precision styling on specific areas. The ideal attachment for brushing while drying and styling.

## 1.8m cord

Convenient to use thanks to the 1.8m power cord length.

## Easy storage hook

A rubberized hook can be found on the base of the handle. Use to store easily at home or if staying at a hotel.
