- Rounded tips and hypoallergenic foil for skin comfort
- Includes adjustable comb, trims hair from 3-11mm

Easy to use

- 50 minutes cordless use after a 1-hour charge
- Easy to clean and use in or out of the shower
- Ergonomic grip for maximum control

Built to last

- 2 year guarantee, worldwide voltage, no oil needed

Highlights

Skin contour system

The skin contour system catches and cut hairs of different lengths, without the need for multiple tools or skin contact with sharp edges. The bi-directional trimmers cut longer hairs, which are shaved by the foil for a closer result. The added flexibility of the contour system follows every angle and surface of your body for precisely the look you want.

Skin-friendly tips and foil

The skin comfort system features a hypo-allergenic foil and rounded tips to protect your skin while shaving.

Integrated trimmer with comb

The integrated trimmer and adjustable comb with 5 length settings is designed to offer more power to cut even the thickest hair. To maintain your desired hair length or get a

natural look, adjust the comb to a length between 3-11mm. You can use the shaving system on the other side, for a closer result.

Rechargeable battery power

High-power NiMH battery for full body use, with 50 minutes of cordless use after a 1-hour charge. The battery light indicates power status, when the battery is low or full.

100% Showerproof

Provides a comfortable and close result in or out of the shower. The body groomer is 100% waterproof, so you can simply rinse it clean when you've finished. For longer hair, trimming performance may be better on dry hair.

Ergonomic grip

The rubber grip is designed to ensure optimal handling even when wet, for better control during use, in or out of the shower.

Built to last

All of our grooming products are built to last. They come with a 2 year worldwide guarantee, worldwide voltage compatibility, and they never need to be oiled.
