

Expression Premium XP-6000

Compact and stylish, this all-in-one prints high-quality photos and sharp documents with Wi-Fi, individual inks and two paper trays.

Forget compromise; with the XP-6000 you can produce high-quality photos and text documents from a compact and stylish all-in-one. It's economical too with individual ink cartridges for replacing just the colour you've used. And if printing away from your desktop appeals, there's a full suite of mobile printing options.

Style and substance

Unsightly tech is a thing of the past; this all-in-one looks great from every angle. And wherever you choose to place it, the modest footprint ensures it takes up as little space as possible.

Best of both worlds

Enjoy the beauty of high-quality photos and crisp, clear text documents with the five-colour Claria Premium dye and pigment ink set. Photos are crystal clear with vibrant colours and deep, rich blacks as Claria Premium incorporates a photo black ink cartridge. It's economical too, as only the colour used needs to be replaced thanks to individual ink cartridges.

Mobile printing

Printing photos and documents on the go is easy; simply download the free Epson iPrint app¹ to print and scan wirelessly from your smart device. The free Epson Creative Print¹ app can print photos directly from Facebook, create greeting cards, turn photos into colouring books, and more. You can even print by emailing files directly to the printer from almost anywhere in the world with Epson Email Print¹.

Fuss-free features

The XP-6000 is easy to use without a computer; there's a 6.1cm LCD screen and a memory card slot for printing photos directly. You can save time and paper too with the dual paper trays and fast, A4 double-sided printing. It's also possible to print on suitable CDs and DVDs.

DATASHEET
