Rich and powerful sound

Obsessed with sound

Great sound from any sources with this Philips micro system. HiFi dome tweeter brings you detailed and natural sound. The built-in VU meters let you monitor your music input signal level just like a professional.

Enjoy your music from multiple sources

- DAB and FM compatible for a complete radio experience
- Stream your music library via Bluetooth
- USB Direct for easy MP3 music playback
- Play MP3-CD, CD and CD-R/RW
- Audio-in for portable music playback

Enrich your sound experience

- Treble and Bass Control for easy high and low tone settings
- Dome tweeter for detailed and natural sound
- Bass Reflex Speaker System delivers a powerful, deeper bass

Easy to use

- Built-in VU (volume unit) meter shows input signal level
- Bluetooth standby mode always on for easy reconnection
- Fast and efficient USB charging for your smart device

PHILIPS

Highlights

Built-in VU meter

The built-in VU (volume unit) meter indicates your music's signal level on each source mode. This allows you to check if the input signal is too high or too low. For models that support external sources such as audio-in or Bluetooth, you can adjust the output volume from your devices (if available) to set an appropriate music level to optimise sound quality from the source.

Bluetooth standby

After your smart device has been connected once, your Philips music system can be woken from standby mode by your smart device's Bluetooth function. This will also activate the Bluetooth source, making it quick and easy to stream music, any time.

USB fast charging

The USB port isn't just for music playback. The intelligent USB power management system enables a 2A fast charging current to rapidly charge your smart device when the music system is in standby mode.

DAB and FM compatible

DAB (Digital Audio Broadcasting) digital radio is, on top of FM analog transmission, a new way of broadcasting radio via a network of terrestrial transmitters. It provides listeners with more choices and information delivered in clear, crackle-free sound quality. The technology allows the receiver to lock on to the strongest signal it can be find. With DAB digital stations there are no frequencies to remember, and sets are tuned by station name, so there is no returning on the move.

Treble and Bass Control

Treble and bass are equalizer features that control the high and low frequency sound levels of your audio respectively. Treble specifically regulates the amplification of the high tones in the music while bass controls the amplification level of the low tones. Using the up and down keys, the listener can conveniently place more or less emphasis on the low and high tones, or leave treble and bass flat to playback music according to its original recorded setting. Treble and Bass Control lets you listen to your music the way you like it.

USB Direct for easy MP3 music

Thanks to the complete file transferability, you can easily enjoy the convenience and fun of accessing more digital music via the built-in USB Direct.

Stream your music library

Specifications

Audio Playback

- Playback Media: CD, CD-R, CD-RW, MP3-CD, USB flash drive
- Disc Playback Modes: Repeat/one/all/program, Shuffle Play, 20-Track Programmable, Fast Forward/Backward, Next/Previous Track Search
- USB Direct Modes: Fast Backward/Fast Forward, Play/Pause, Previous/Next, Program Play, Repeat, Shuffle, Stop

Sound

- Maximum output power (RMS): 150W
- Sound Enhancement: Treble and Bass Control

Tuner/Reception/Transmission

- Tuner Bands: FM Stereo
- Auto digital tuning
- RDS: Program Type, Station Name, Radio Text
- Station presets: 20 FM, 20 DAB
- Antenna: FM antenna, FM antenna (75 ohm)
- DAB/DAB+: Band III, Info display, Menu

Loudspeakers

- Main Speaker: 2 way, Dome tweeter, 5.25" woofer

Connectivity

- 3.5mm stereo line in: Audio in
- Rear Connections: DAB antenna
- Bluetooth: Bluetooth V2.1
- Bluetooth profiles: A2DP, AVRCP

Convenience

- Alarms: CD Alarm, Radio Alarm, USB alarm
- Clock: On main display, sleep timer
- Display Type: VFD display
- Eco Power Standby: 0.5 watt
- Indications: DIM mode
- Display type: VFD display
- USB Charging: Max. 2 A

Accessories

- Included accessories: AC Power Cord, FM antenna
- Remote control
- User Manual: Multi-language

Power

- Power supply: 110-240V, 50/60 Hz

Dimensions

- Packaging dimensions (W x H x D): 572 x 350 x 322 mm
- Main unit depth: 240 mm
- Main unit height: 145 mm
- Main unit width: 230 mm
- Main speaker dimensions (W x H x D): 173 x 261 x 241 mm
- Gross weight: 10.7 kg
- Net weight: 8.7 kg
