## Highlights

### Ceramic Soleplate

Our Easy Gliding soleplate for all ironable garments and high scratch resistance.

### Continuous steam

The more steam, the faster the ironing. The unique technology used in a Philips steam generator iron generates powerful steam making ironing easier, better and faster.

### detachable 1,1L water tank

The watertank can be removed to be refilled easily under the tap. The large filling hole makes the

refilling fast. Thanks to the 1.1 L watertank capacity, you can iron up to 2 hours continuously without any refills.

### Smart Calc Clean

Smart Calc Clean is an integrated descaling and cleaning function to protect your appliance. To ensure an optimal steam performance, long lasting life and in order to prevent white flakes, your steam generator iron will remind you to perform the descaling process. For maximum convenience make sure to always use the Smart Calc Clean container provided with your appliance.

### Refill tap water any time

Your steam generator iron is designed to use tap water. While ironing, when you run out of water in the watertank, you can refill it easily without waiting or turning your appliance off.
