- Compact design for convenient use, storage and travel
- Detachable water tank for easier filling
- 3m cord for longer reach

Refreshes clothes without washing or dry cleaning

- Continuous steam removes odors and kills 99.9%* of bacteria

PHILIPS

Highlights

* SmartFlow heated plate

Thanks to SmartFlow technology, the steam plate is heated up to an optimal temperature, safe for all fabrics, and prevents wet spots. The heated steam plate helps to press the fabric while steaming horizontally and provides even better steaming results.

Vertical & horizontal steaming

Steam vertically for quick de-wrinkling and to refresh hanging clothes without an ironing board. Steam horizontally to get perfect results on difficult to iron areas like cuffs and collars. In either position powerful continuous steam provides great results.

Continuous steam

An electric pump automatically provides continuous steam for easy and quick de-wrinkling.

Brush accessory

The brush attachment opens the fabric fibers and enables better steam penetration. It is especially good for thicker garments like jackets and coats. It can also help remove dirt and pills.

Safe on all fabrics

The steamer is safe to use on all fabrics and garments. The steam plate can be safely pressed against any clothing with no risk of

burning – a great solution for delicate fabrics, like silk.

No ironing board needed

Using a clothes steamer on hanging garments eliminates the need for an ironing board, so de-wrinkling is easy and hassle-free.

Ergonomic design

The handheld garment steamer is ergonomically designed to be light, compact and comfortable to use. Just press the trigger and watch wrinkles and creases disappear.

Detachable water tank

The water tank detaches for easy filling under the tap.

Specifications

Fast crease removal

- Continuous steam: Up to 22 g/min
- Power: 1200 W
- Ready to use: <1 min
- Voltage: 220-240 V

Easy to use

- Safe on all fabrics: Even delicates like silk
- Water tank capacity: 70 ml
- Detachable water tank
- Power cord length: 3 m
