Highlights

Natural latch on

The wide breast shaped nipple promotes a natural latch on similar to the breast, making it easy for your baby to combine breast and bottle feeding.

Ultra soft nipple

The nipple has an ultra soft texture, designed to mimic the feel of the breast.

Flexible spiral design

Flexible spiral design, combined with our unique comfort petals to create a flexible

nipple, allowing for a more natural feed without nipple collapse.

Heat resistance

The Natural glass bottle is heat and thermal shock resistant. It can therefore be safely stored in the fridge, warmed, and is also suitable for sterilization.

Pharmaceutical grade glass

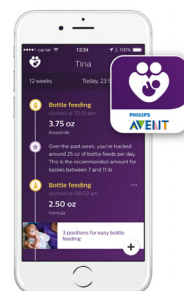

Fully recyclable, premium quality borosilicate glass to ensure the highest quality for ultimate purity.

Anti-colic vent technology

Our unique anti-colic Airflex vent technology was designed to reduce colic and discomfort, by venting air away from your baby's tummy.

Team up with uGrow

Download the uGrow app to keep track of your baby's feeds, get expert advice and establish healthy routines.

Protective bottle sleeve

The insulating bottle sleeve, allows you to keep the feed at the right temperature and to protect your glass bottle at the same time.

Silicone soothie pacifier

The silicone soothie helps calm your baby. It is used by medical professionals to calm newborns.
