Highlights

Soft touch grip and buttons

The soft touch grip and buttons provide comfort when using the product.

25-speeds and turbo

With 25 speed settings you can select the optimal speed for all type of ingredients creating the preferred consistency or smoothest blending results.

700 Watt Motor

With the powerful and durable motor of 700 Watt, almost any ingredient can be blended.

ProMix Blending Technology

The Philips handblender ProMix technology was developed together with the prestigious Stuttgart University. It is an advanced technology for more consistent and faster blending. The unique ProMix blending technology of Philips hand blenders uses a triangular shape to create an optimal flow and gives maximum performance making silky smooth soups and smoothies.

XL Chopper Accessory

With the XL Chopper accessory (1000ml) for this Philips hand blender you can chop large quantities of meat, herbs, nuts, cheese, chocolate and onions in seconds

Mixer Accessory

The mixer accessory, or double whisk, helps you to mix or whisk faster, larger quantities that you could do with a single whisk or by hand. Use it to prepare cake batter, sponge cakes, muffin cream, eggs and more

Extra powerful turbo button

The Philips hand blender has an extra powerful turbo button for the toughest ingredients.
