HR1583/03

Strong, efficient mixing for smooth cakes

Airy whipped cream & meringues with SoftPro whisk

Ensure the perfect mixing of soft ingredients, such as egg-whites, thanks to the SoftPro whisk. Its shape and special nylon coating provide gentle and consistent mixing. The powerful 550W motor takes care of even the toughest of doughs.

Consistently great results on soft ingredients

- Quality stainless steel beaters & dough hooks
- SoftPro whisk for gentle and consistent mixing

Powerful mixing and kneading

- 5 speeds plus turbo for maximum control
- 550W motor power for even the toughest of doughs

Quick and easy to use and store

- Keeping your cables tidy is easy with the cord clip
- Stay focused on your mixing with the large control panel

Highlights

5 speed settings

The wide range of speed gives you the best control in mixing.

550W motor

The powerful 550W motor will make light work of the toughest of doughs

Cord clip

Keeping your cables tidy is easy with the cord clip

Quality stainless steel

Quality stainless steel beaters & dough hooks

SoftPro whisk

The size of the bubbles is one of the key factors governing the consistency of a mix such as a meringue. SoftPro's specially designed shape creates finer and more consistent sized bubbles than traditional double beaters. The extra soft Nylon/Silicon coating takes care of your pans and bowls"

Large control panel

Stay focused on your mixing. With the large control panel & turbo button you can intuitively select the best speed setting for every moment.
