FreshCare+

Keep your garments fresh after the cycle is over. Innovative FreshCare+ system takes care of your garments inside the washing machine with delicate steaming and tumbling action[i]. The new FreshCare+ system gently massages the laundry with regular slow movements alternated with steam actions - letting air circulate inside the fibers to keep garments fresh and prevent bad odours. FreshCare+ treatment leaves truly fresher clothes and peace of mind - even hours after the end of the cycle. [i] FreshCare+ treatment inhibits the proliferation of the main bad odour sources (inside the washing machine) up to 6 hours after the washing ends. Not compatible with programmes designed for delicate garments and duvets.
